

Technical Rider

TRUMPET AND PIANO RECITALS

Rehearsal - we would ideally like a rehearsal in the hall the day before the concert for 2 hrs ,and one hour the day of the concert

Piano - the piano must be tuned to A- 440 the day of the concert

Stands - a minimum of two stands to be available

Backstage- two dressing rooms and bottled water would be appreciated

Front of house / merchandise- we would like to sell recordings at the intermission and after the concert .A small table for set up and a volunteer to sell them would be appreciated

note - the same conditions apply for other solo appearances (concerto with orchestra ,or chamber music), however ,only one dressing room is needed .
